

HOW TO READ IN ENGLISH FOR BETTER COMPREHENSION

What should you read?

Look for books that...

- you are interested in
- are not too difficult for you to understand

Are there any books that you've read in Portuguese that you'd like to read again (in English)? Which ones?

How should you read?

There are 4 steps:

- 1) Read the whole page, silently, without stopping to get the main idea.
- 2) Go back and reread that same page. Highlight or take notes on the words and expressions that you don't know. Look them up in a dictionary to make sure you understand them correctly.
- 3) Go back and read again for complete understanding.
- 4) To train your speaking, read out loud. If you're not sure about the pronunciation of a word, be sure to look it up in an online dictionary and listen to the pronunciation.

Let me know what books you're reading! :)
