EDITING PROJECT

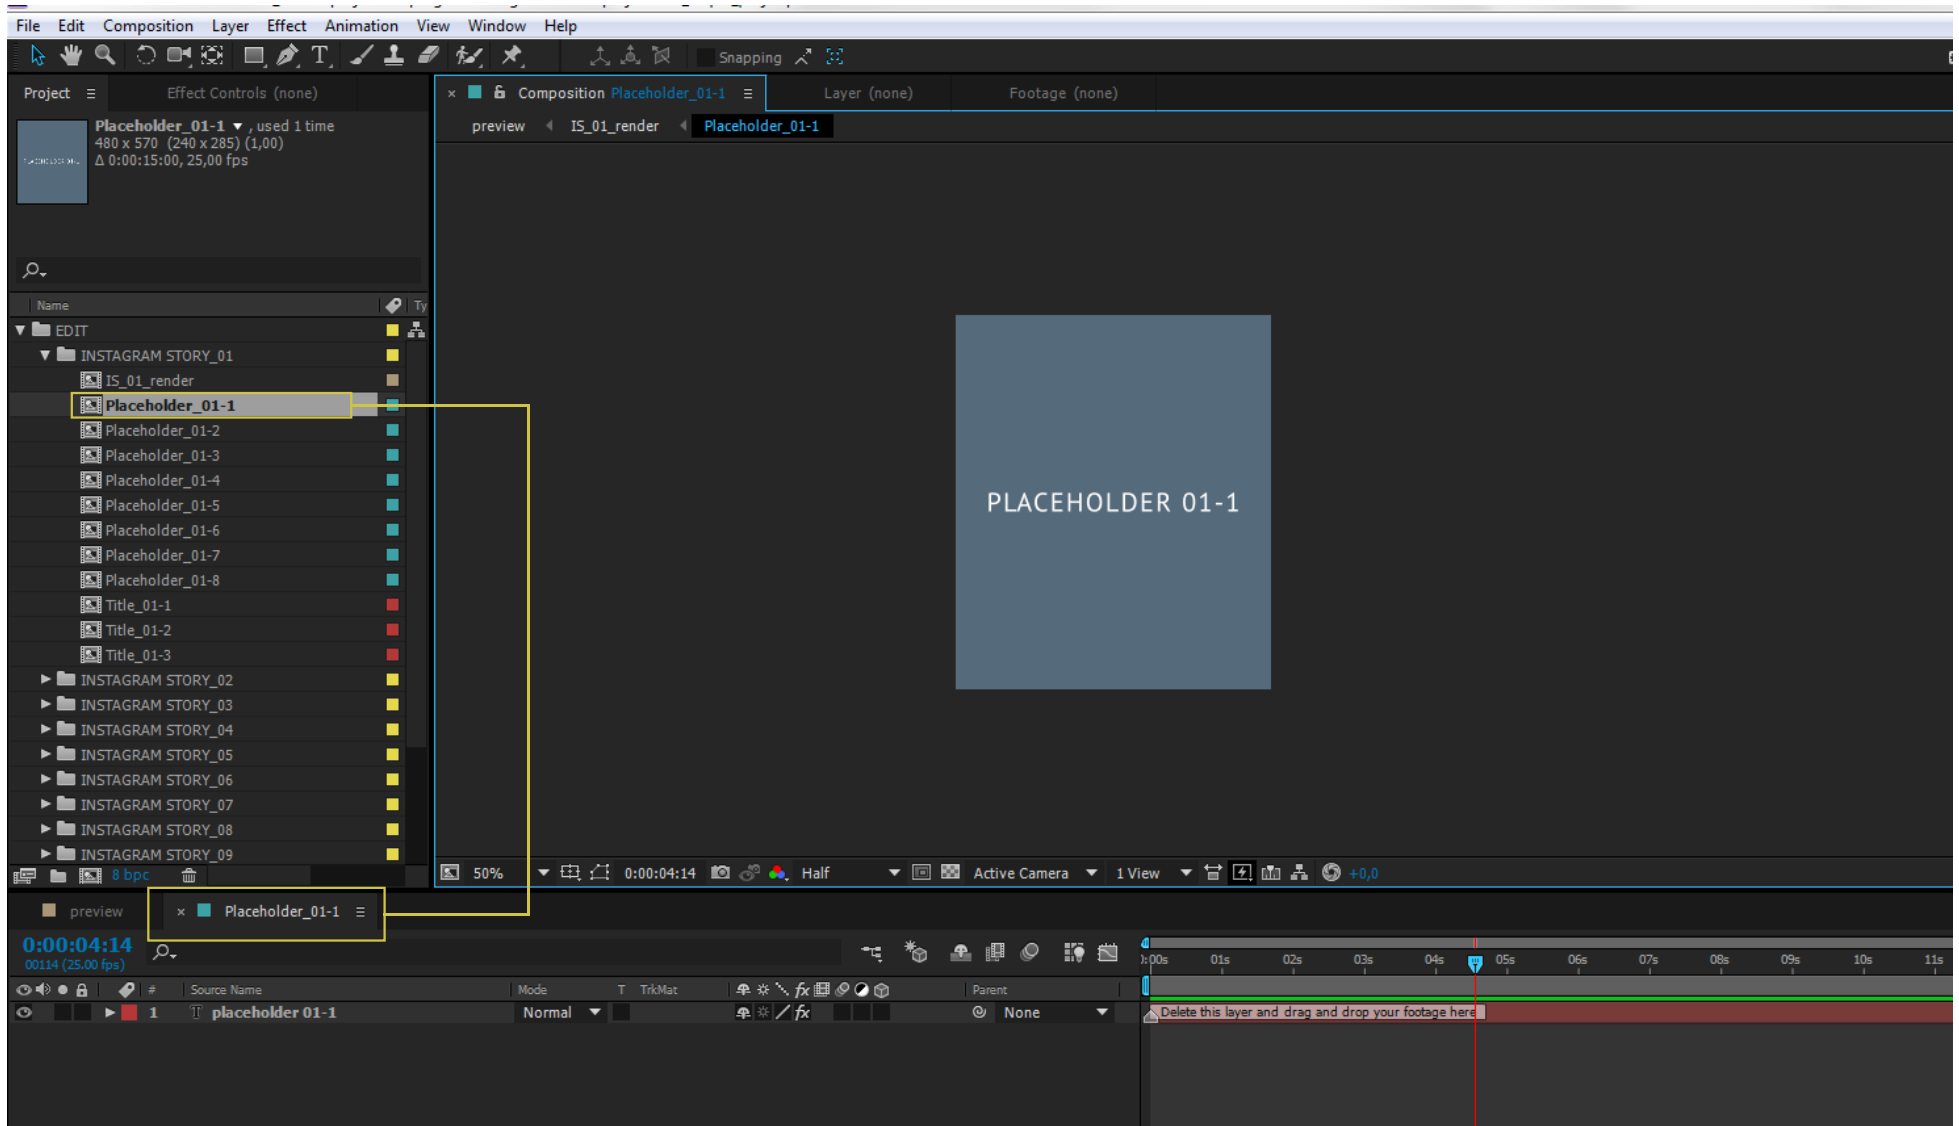

This project is really easy to customize.

Go to folder “**EDIT**” – all editable comps are grouped here in folders “**INSTAGRAM STORY_01-20**”

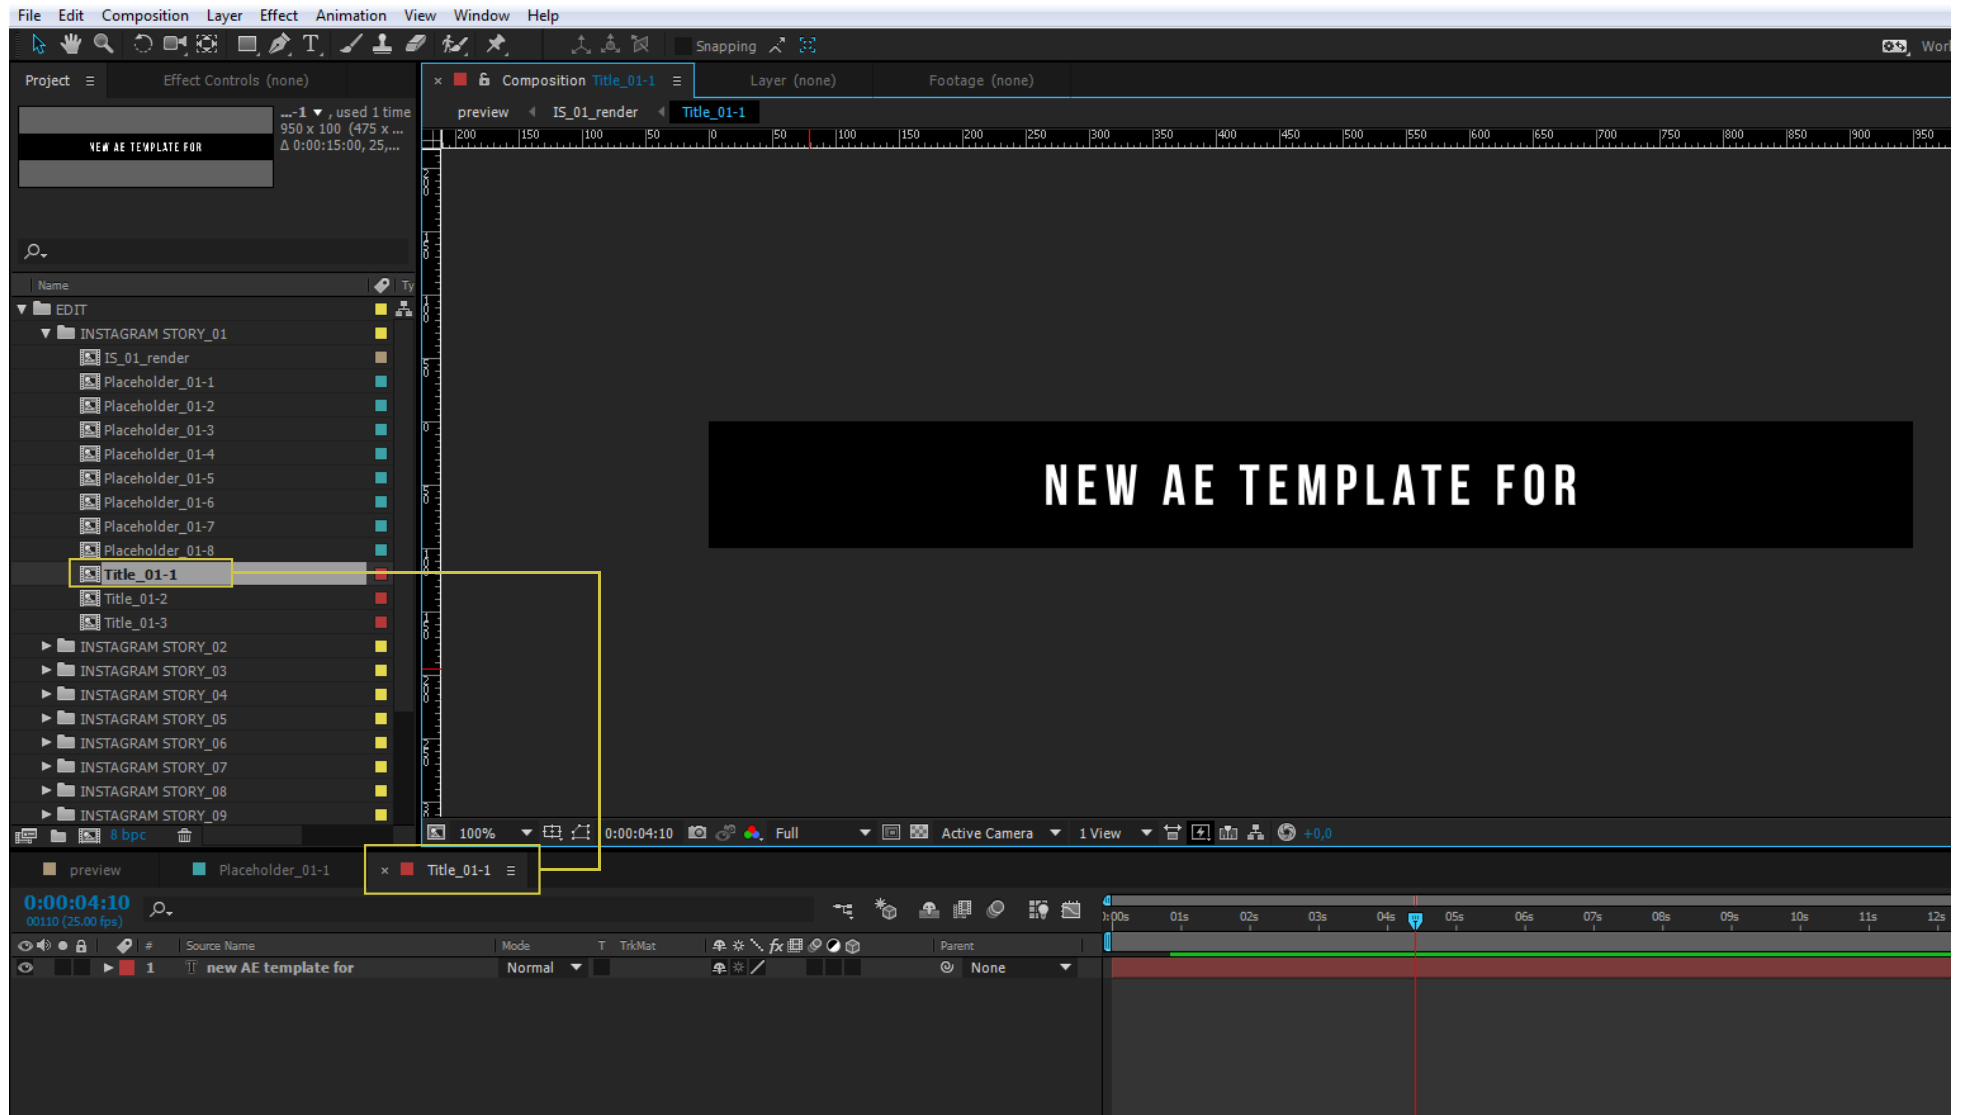

1. PHOTO / VIDEO

- Drag and drop your footages in compositions "**Placeholder_##**".
(follow the tips on the markers in each composition)
- Press "**S**" on your keyboard to scale footage to the right size.

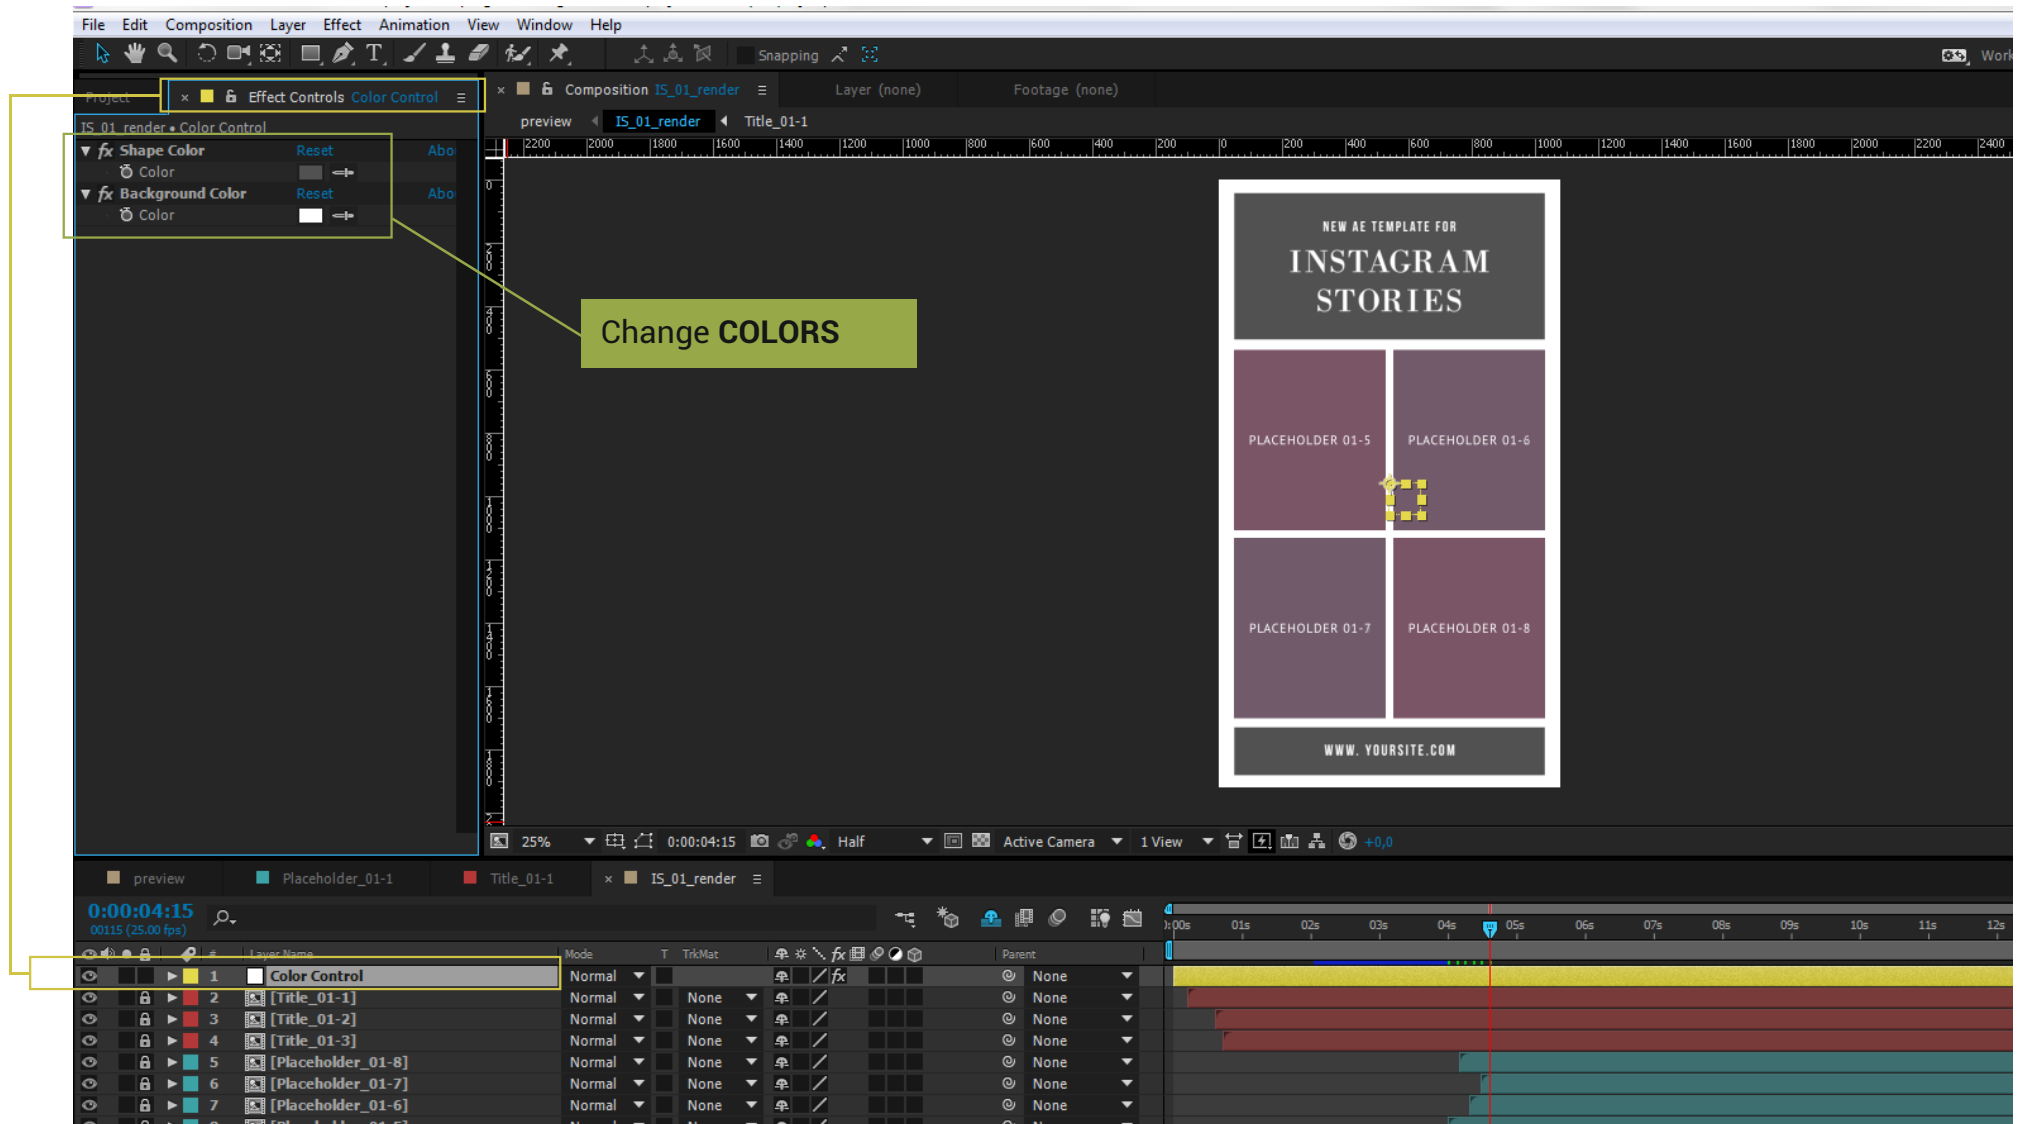

2. TEXTS

- Edit text in compositions "Title_##".

3. COLOR CONTROL

- go to comps "IS_##_render" in folders "INSTAGRAM STORY_##"
- choose layer "Color Control" and go to "Effect Controls" pannel
- change color in colorpicker if you need.

Thanks a lot for your purchase!

If you have any questions, feel free to contact me via my personal page.

If you like my project, please rate it with five stars =)
