

AULA 11

11- These are all the questions I have for you. Do you have any questions for me?

What is your customer base?

What company is your biggest competitor?

In your opinion what are the biggest challenges that the company is facing right now?

What do you think are the biggest challenges in this position?

In your opinion what is the best thing about working in this company?

What are the next steps?

When should I hear from you?

Thank you very much, I really enjoyed this time.

I don't have any important questions at this point, I believe in your system and I am sure I will know more about the job's daily routine, and things like that in the future.

By now, I just want to highlight my desire to get this job in this company.

I am really glad to be here today and have this opportunity to show my set of skills and ability in learning new things.

If you give me this opportunity, I won't disappoint you, guaranteed.
