

HOW TO IMPROVE YOUR ENGLISH WITH TV AND MOVIES

First, you need to choose a TV show or movie that you...

- like
- can understand fairly easily
- and has the type of language that you would like to learn.

Step 1: Watch the TV show or movie with the subtitles in Portuguese (if needed) or in English

Step 2: Sit down with a pen and paper (or computer) and watch it again taking notes. If you watched it the first time with subtitles in Portuguese, watch it this time with subtitles in English.

Step 3: Watch it again 2 or 3 times, with subtitles in English if needed, and add any words and phrases that you want to remember to your notes.

Step 4: Watch the episode or movie with NO subtitles.

GOAL: Be able to watch an entire TV show or movie without subtitles.

Bonus Activities:

- Create sentences using the new words and expressions that you wrote down.
