

### *30 Day Wedding Body Miracle Product*

I always thought my wedding day was supposed to be the most **wonderful** day of my life . . .

But instead it was almost the most **humiliating** . . .

Until I learned this one simple secret that made “getting in shape” for the wedding day easier than I ever thought possible . . .

And gave me the slim, strong, beautiful wedding body I’d been dreaming of since I was just a little girl.

Hi, this is Sara Campbell . . .

***(Picture of woman holding her hand out showing off her ring finger)***

And the picture you’re looking at right now is me on one of the **happiest** day of my life.

The day my boyfriend . . . actually my husband now . . . Dave, proposed.

I still remember how my heart started to pound when he slid out of his chair.  
He reached into his coat pocket with this smile on his face like I’d never seen before.

He got on one knee.

And he looked at me and with his voice completely steady . . . with no doubt at all he said:

“Sara, you are the most beautiful, most wonderful woman I’ve ever met. I can’t imagine living even one more day of my life without you by my side. Will you be my wife? Will you marry me?”

I felt the first tears roll down my cheeks as I said yes (Dave says I said yes probably a hundred times.)

I gave him my left hand. I swear it was shaking.

He pushed this beautiful ring onto my finger . . .

Everyone in the restaurant started to clap and cheer for us.

I’m not usually big on PDA, but right there I pulled Dave close to me and kissed my fiance long and deep right there in front of everybody.

The first few days of being engaged were amazing.

I was walking on air.

Showing off the ring to my friends. Asking my best friend Amanda to be my maid of honor (we'd been talking about our wedding days since we just little girls marching Ken and Barbie down the aisle.)

## **But then a few weeks later, after we'd picked the date in June . . . the reality and the stress set in.**

I'd heard stories before, but I never really realized how stressful it was to plan a wedding.

Booking the venue, picking invitations and flowers, getting the DJ and the minister, the food, the napkins, the guest list, this endless list of decisions that had to be made and things that had to be done.

And right at the top, probably the most important decision of all . . .

## **The dress.**

I remember when Amanda and I first went to the shop to look at dresses.

The sales girl (who was maybe 22 and a size 0 on a bad day) looked me up and down with this almost derisive smile and loaded me up with a "few favorites that will totally work for your figure."

I wasn't sure what she really meant until I went into the changing room and saw myself in the mirror.

I couldn't believe what I saw.

The way my belly stuck out. The little bit of cellulite on my thighs.

The extra flab on my arms.

I thought about a story Amanda had told me about a cousin of hers who had postponed her wedding **three times** because she couldn't lose the weight and she couldn't stand the thought of being heavy in her wedding pictures.

And it dawned on me, looking at those impossible dresses, thinking of sucking in my gut and forcing a smile as I walked down the aisle, that if I didn't do something I was going to end up a . . .

I knew he loved me but . . .

Insecurity.

Tears.

Horrified.

What was I going to do?

## **But To Get The "Wedding Body" You Dream Of, You Really Do Have To Act Right Now . . .**

My mission with "The 30 day Wedding Body" is to give every bride I meet the wedding day she's always dreamed of . . .

Which is why I'm willing to offer you the complete program for just (CROSSED OUT AMOUNT) (ACTUAL AMOUNT) today as a market test.

But unfortunately I'm going to have to raise the price (and possibly even DOUBLE it) in the very near future.

Why?

Well, the weird thing is that a lot of women simply don't think they can carve off the extra pounds, gain that healthy, sexy glow and get the perfect wedding body using a program that's so CHEAP.

After all, you're spending so many THOUSANDS (or even TENS of thousands) of dollars on your wedding, so when I tell a lot of women they can shed those pounds, tone those arms and butt and look AMAZING on your wedding day this simple, easy, natural way, a lot of brides just don't believe me.

Weird, I know. But since my goal is to help as many brides as possible, I'm going to have to raise the price soon . . .

Listen: I don't want to pressure you here, but . . .

## **You've Got A Really Simple Choice To Make**

Right now, as you watch this video, you're at a crossroads. The decision you make right now is going to have an amazing effect on your wedding day and, really, your whole marriage and life with your husband.

And when you think about it, you really have just THREE OPTIONS:

**Option 1: Do NOTHING.** Let this video end. Leave this site behind and keep doing what you're doing now. Keep ignoring the fact that you're not QUITE going to fit in your dress.

Keep STARVING YOURSELF, feeling irritable and hungry all the time and doing horrible things to your health just to look good.

Keep KILLING YOURSELF at the gym, doing exercises that are actually doing more harm than good

Honestly, if you've watched this far in this video, it shows me that what you're doing now just ISN'T working for you. So doing nothing isn't really an option at all.

**Option 2:** Take what you learned in this video and try to "Figure Out" the path to a perfect "Wedding Body" on your own.

You can try this, with planning your wedding and preparing for your new life with your husband, do you really have time?

And what happens if you try and fail? Are you really willing to risk being fat, tired and a total wreck at your wedding?

It took me MONTHS of work (and a whole lot of money) to figure out the simple plan that makes the 30 Day Wedding Body program so effective.

And it's WAY too easy to get part of the "formula" wrong if you don't know what you're doing.

I don't want that any more than you do, so doing this yourself isn't really an option.

### **And Then There's Option 3:**

100% risk free, do what thousands of other ecstatic brides have before you, grab your copy of "The 30 Day Wedding Body" program . . . watch in awe as the pounds simply melt off your body . . . look at the awe in your fiance's face as he sees your body transform over the next few weeks, feel that amazing spring in your step and rush of confidence that comes with looking hot, sexy and beautiful . . .

And have the wedding day you've always dreamed of . . . and the energy and verve to actually enjoy it.

When you think about it, it's a pretty easy choice to make, huh?

And all you have to do to get started is . . .

If you leave this site and come back later, it's likely you'll be forced to pay DOUBLE the low, low price I'm offering you today (and probably won't get all of the bonuses.) And with my generous 60 day guarantee, there's really no way you can lose.

(Picture of Sara and her husband looking happy.)
