

Hi, this is Michael Fiore . . .

And in the next **6 minutes**, I'm going to teach you . . .

a secret psychological loophole in the male mind . . .
. . . that will make that one special man you've been dreaming of fall deeply and passionately in **love** with you (and only you) . . .

Forever . . .

I know it sounds impossible, but the simple (and possibly even dangerous) trick I'm going to reveal **right now** really will . . .

Make any man you want so **obsessed** with you that he can't even think about another woman . . .

So **addicted** to you that he actually **craves** you when you're not around . . .

So **loyal** to you that he finds himself (almost completely against his will) dreaming about the future he wants with you (and only you), bending over backwards to make you happy, bragging about you to his family and his friends and begging you to be his and only his.

So, how do I know this simple trick really does Work?

Because Just 3 Short Years Ago,

It Worked On **Me** . . .

And It's **Still** Working Now As I Get Closer And Closer To Walking Down The Aisle And Making That One Special Woman Who Flipped This Switch In My Brain Mine Forever.

Who The Heck Am I And Why Should You **Listen To Every Word I Have To Say**?

Well, my name is Michael Fiore . . .

I'm an internationally known relationship expert . . .

I'm an Amazon and Wall Street Journal Best-Selling Author . . .

But more important than all of that I'm a man who is absolutely in love with a woman who I never saw coming, and who I will **never** let go . . .

And because of all that, what I'm about to tell you next is kind of **embarrassing**.

Because before I became A "Relationship Expert" and the **best male friend of tens of thousands of women**, I was a guy . . . and not always a nice one at that.

I've never talked about this in public before but up until just 3 short years ago I was a **"player"** (and was emotionally dead inside because of it) . . .

I'd been in relationships before but always felt **trapped** and never **really** committed to a woman (even though I thought I had. I know so much better now.) . . .

When I was single I dated and had sex with multiple women, often in the same week . . .

And I swore I would **never** commit I would **never** settle down I would **never** even think about getting married. I thought I'd be happily single forever . . .

And then I met . . .

HER

This one **indescribably** attractive woman.

At the time I couldn't figure out why I was **so drawn** to her.

It wasn't that she was **beautiful**
(though she was - and is - beautiful.)

It wasn't that she was **sexy**
(though she was, and is sexy.)

It wasn't **"confidence"** or anything else that you read about in Cosmo.

But there was **something** about this one woman that *flipped a switch in my mind* and instantly made every other girl at the party we were at . . . every other girl in the world, just disappear.

I caught her eye from across the room and even just the way she looked at me sent a **jolt up my spine**.

Suddenly, I felt off balance. Nervous. Even a little **scared**.

And even though I wanted to play it cool I found myself **drawn to her like a magnet**. We **talked for hours** and I found myself attentive like a puppy. We laughed and joked and flirted..

And then I felt my throat go dry as she **melted against me when we kissed**.

And suddenly, I found myself wanting it to *just* be a **kiss**. At least for then.

I found myself taking it **slow**.

And I knew right there, right then that this was a woman I **needed** to take seriously.

That very night I broke things off with every other girl I was seeing . . .

(without this one special, incredible **woman** even having to ask.)

And over the next few months I found myself chasing her. Seducing her. Fantasizing about her. Wanting her and **only her** . . .

Until finally, months later I felt this incredible joy well up in me when she finally (finally) agreed to be my **girlfriend** . . . (to be the woman who will, a few months from now be my wife.)

So I know you desperately want to know . . . what did **she** do, that other women didn't?

What made **this**

one woman

so **irresistible**?

What did she do that made me **so happy to be hers** when I thought I didn't want to be anyone's at all?

And how can **you** do the same thing to that one guy you have your eye on?

Great question.

And here's the answer guys don't want me to tell you . . .

In order to make a guy "obsessed" with you and truly committed to you (and only you) you really only need to follow **3 simple steps** . . .

And these **3 steps** I'm about to tell you have nothing to do with how you look, what dress size you have, how big your breasts are, how "pretty" you are or anything like that.

So what are the **3 steps**?

Step 1 is that you need to make a man know that you don't "**need**" him . . .

As I've said many times, when it comes to men, **neediness is the opposite of attraction** . . .

Most women either throw themselves at a guy, or come across as aloof, cold and unapproachable . . .

Men are irresistibly pulled towards a woman who knows **who she is**, knows **what she wants** and has **no anxiety** at all about whether a man loves her because she already loves herself.

Step 2 is you need to plant a "**Future Seed**" in his mind . . .

Unlike women, most men simply don't sit around thinking about "**the future**" or "**forever**" . . . unless you make us the same way my fiancée did to me . . .

When it comes to love, women want “drama” and men want calm.

To truly, **primally** attract a man (so he would never settle for anyone else) you need to create an overwhelming feeling of **calm contentment** when you’re around (the opposite of what so many women do by freaking out or using ultimatums.)

And Step 3 is you have to make it his idea to pursue **you**, want **you** and make **you** commit.

As a guy I can tell you, **ultimatums always backfire** and push men away.

A man will only **truly commit** if he feels like he made his own **choice** to commit and if he feels like he had to **earn** a woman.

This isn’t about “playing hard to get” (that never worked on me). . .

Once a guy makes a **choice** to truly “be” with a woman he will **fight** for that love and that relationship more fiercely than anything else in his life.

And if you follow these three steps . . . if you learn how to trigger this need to commit in his mind, suddenly the whole “game” of dating and love and relationships **changes forever**.

Suddenly the guy who “doesn’t want to commit” finds himself happily on one knee . . .

Suddenly the **boy** you’ve been waiting for for too long finally becomes the man you’ve wanted since you were a little girl.

And suddenly you find yourself **hunted**, pursued and wanted by real men.

Tall, handsome, kind men who aren’t just ready but are even **desperate** to give you the incredible love you want so much.

“Michael, that’s amazing, but how do I actually DO it?”

EXACTLY what do you say and what do you do to make a guy **fall in love with you** . . . become obsessed with you like my fiancée did to me?

I can’t tell you.

But I Can Introduce You To A Truly **Amazing Woman** Who Can . . .

See, 6 Months Ago, My Girlfriend Told Me **A Secret** That’s Going To Change Your Life Forever. . .

We were lying in bed, laughing about when we **fell in love** years ago . . .

I told her how I had felt **more attracted** to her than any other woman I'd ever met . . .
And she admitted with a laugh and a smile that she'd used a **simple set of techniques**
on me, to sneak into the back of my mind and make me fall for her . . .
I wasn't mad. I was ecstatic. And I decided right there I **had to meet** the woman who
taught her everything she knows.
When I first met **Claire Casey** I didn't know what to think . . .

She's not a model. She doesn't look or talk like anybody you've seen on TV. She
doesn't look like the kind of woman with **power over men**.

She's a **46-year-old soccer mom** with three teenaged boys. She kickboxes in her free
time and geeks out on Star Trek.

But to a small group of women (like my girlfriend) she's been the **secret weapon** in the
game of love.

As I talked to Claire she revealed **a few simple secrets** that blew my mind . . . and an
understanding of men I simply couldn't believe . . .
She taught me about . . .

The **6 subtle "forces"** that drive men from the inside (and how women can subtly
tweak these forces to drive men to incredible emotional ecstasy.)

How men secretly **yearn** for commitment and marriage (and how to turn that yearning
into a truly primal need where he'll do anything to make you his.)

Why "beauty" is actually **only the third most important thing to men** . . . and how
women can be radiantly attractive to men without makeup or killing yourself at the gym.

And much, much more . . .

When our conversation was over, I wasn't happy, I was **depressed**.

I thought of the thousands of women out there who desperately **needed** to know what only Claire could teach them.

The thousands of women who kept falling into **bad relationships** and needed a hand from her to dig their way out and finally discover what real love from a man felt like.

The thousands of women who **deserved a relationship** like what I had with my girlfriend . . . the thousands of **MEN** who were just waiting for the right girl to figure this stuff out and give him the happiness he wants so much (but could never admit to.) So I did something I'm not proud of (but that I don't regret at all.). . .

I Begged.

I went to Claire and I **begged** her to let me share with the world what she knew about men and love and dating and getting a guy to truly commit

At first she refused . . . She didn't want to be "famous." She didn't want to go on TV or anything like that.

It was only after I promised that she could keep her privacy that she agreed . . . Over the next few months I worked with Claire to pull **every secret, every technique, every trick** and **idea** out of her . . .

Secrets like . . .

The **7 Unconscious Obstacles** women put up that hide you from the man of your dreams . . . (And how to finally attract him like a beacon of light in the night.)

The "Perfect Man List" . . . and what most women leave **OFF** the list that dooms them to misery, breakup, loneliness or divorce.

How a woman can instantly stop negative self talk . . . and how to regain your composure and even your **love for yourself** in just seconds.

And so much more I'm excited to share with you . . .

Because now, finally I'm ecstatic to present . . .

Claire Casey's "Capture His Heart And Make Him Love You Forever."

“Capture His Heart And Make Him Love You Forever” is a step-by-step **almost-done-for** online program that teaches you how to crawl into a man’s body, mind and soul and make him not just fall in love with you . . . but to actually commit to **you** on a deep, primal level he can barely understand himself.

Marcela says . . . “I am so excited and happy. Thanks to you and your amazing tips I turned around a bad situation with my man and we got back together last night. **Men are so SIMPLE** when I do what you say. I love it!”

Marcy says . . . “This was exactly what I needed in my situation. Your advice is right on target and works so well. I am recommending CHH to all my girlfriends. I am SO grateful I found you.”

Pamela says “Your advice is simply amazing. I need to write a story about my experience out playing the players.”

Sarah says “I feel like I have super powers. Suddenly men make sense. I can’t believe how differently men are treating me now or how easy this dating thing seems. Thank you.”

As you can see, this material is **powerful** and **life changing**. It’s the magic key to finally getting off the “relationship roller coaster” and finally getting the man you deserve . . .

(Or to finally **waking up** the man you have now to the powerful, intelligent, beautiful woman he has standing right in front of him.)

Here’s just a tiny taste of what you’ll learn (and how your life will change) if you’re one of the lucky few to enroll in the program today . . .

First you’ll discover the “**Hunter Principal**” . . . why strong, wonderful men actually **NEED** to feel like they’re chasing you and have earned you before they’ll even consider committing . . .

And how to use subtle psychological triggers in a man’s mind to instantly transform yourself into the one irresistible woman he’d crawl over broken glass to have in his arms.

Always wondered how to get a guy to talk to you?

Using Claire's almost magical "**Gateway Technique**" you'll "open the door" for amazing men to approach you, flirt with you and beg to take you out . . . You'll never have to worry about approaching a guy on your own or "hoping he'll get the hint" again as you develop this almost-magical power to draw any man you want to you like a dog chasing after a frisbee.

* How to seduce any man with your eyes . . . so he feels **hot under the collar** and inspired to come after you without you having to say a single word.

The "**Lighthouse Method**" of standing out and making yourself the single most irresistible woman in any room . . . you'll be shocked at how you can demand a man's focus and have him magically drawn to you even if you're ten years older and 20 pounds heavier than the "little girls" these guys used to fall for.

*

The actual truth about men's minds . . . **what men are really thinking** when they meet you and how to **stun** a guy by showing that you understand his secret needs, desires and fears better than any woman he's met in his life.

*

Sick of being hit on by guys who just aren't "good enough?" Claire will teach you her "**Bigger Fish**" technique that instantly repulses cheaters and players so you never have to waste time with them again.

*

Why guys lose interest after you've had sex with them . . . and how to keep a guy 110% focused on you as his absolute dream woman. (Learn this and you'll never make the mistake of sleeping with a guy to "make him like you" again . . . and will be amazed at how much more passionate, connected and present a guy is with you when you DO decide to go to the next level.)

*

What Commitment Really means to a man . . . (no matter what he tells you.) How to instantly defeat his "fear" of commitment and have a guy actually fantasizing about spending the rest of his life with you.

How to know if a guy is marriage material . . . the 10 simple questions to ask yourself to know if a guy is WORTHY of the amazing new you or if you're just settling.

And much, much more than I have time to list out here.

Here's my promise to you . . .

Just go through “Capture His Heart And Make Him Love You Forever” . . . **listen** to what Claire has to teach you . . . learn to understand how men actually work and you’ll be amazed at how your entire relationship with men transforms over night . . .

In fact, if you’re like a lot of women you’ll feel like you suddenly have a **super power** . . . The **power** to attract any guy you want . . . The power to finally make that “one guy” you’ve wanted so long not just notice you, not just “want” you but actually **need** you (and only you) so deep in his bones.

Honestly, I can’t wait until you feel what it’s like to really have control and power in the game of love. To **know with 100% certainty** what men want (and that only you can give it to them) . . . to have your pick of handsome, tall, successful, wonderful guys.

To finally have that ONE guy want you as much as you’ve wanted him for so very, very long.

Just **Imagine** This For A Minute . . .

Imagine all the anxiety and fear and disappointment and anger you feel around guys right now just disappearing almost like **magic** . . .

Imagine the anxiety and the sadness and the feeling that you’re “not good enough” finally fading away.

Imagine the fear of it being “too late” for you to find real love or that you should just “settle” draining away like water.

Imagine what it would be like to KNOW you had the “secret code” to a guy’s heart . . .

and the almost magical ability to inspire him to love you more than he’s loved anyone ever before.

Would that feel **good?**

Would that feel **amazing?**

OK, I think you can **feel** how much you want this . . . how much you want the love and the security that’s right around the corner.
