

22

Reta Final: Jornada do Projeto

1. Briefing: Entender o cliente e criar um programa de necessidades.
2. Buscar a inspiração para o projeto e organizar em moodboards.
3. Dominar o espaço e sua escala.
4. Criar diagrama de usos sobre a planta.
5. Elaborar o layout preliminar com ênfase na funcionalidade (circulação).
6. Entender a volumetria por vistas, cortes e/ou 3D.
7. Aprofundar a materialidade do projeto e paleta cromática (memorial descritivo).
8. Adequar paginação de elementos especiais.
9. Criar o elo entre interiores, mobiliário e arte.
10. Projeto Luminotécnico (intenções de luz).
11. Integração de projetos complementares (hidráulica, elétrica, estrutura, paisagismo).
12. Produção final.

ETAPAS:

- . Estudo Preliminar
- . Anteprojeto
- . Pré-Executivo
- . Executivo

Cronograma

*para cada etapa

- . Arquitetura/ Engenharia
- . Fornecedores
- . Cliente

Projeto

TABELA DE ACABAMENTOS	
PISO	PISO EM LADRILHO HIDRÁULICO TOM CINZA CLARO C/ GRANILHA PISO EM LADRILHO HIDRÁULICO TOM CINZA ESCURO C/ GRANILHA TACO EXISTENTE LIXADO C/ ACABAMENTO CERA FOICE
PAREDES	PARDE DESCASCADA C/ ACABAMENTO EM TINTA DE TERRA (A DEFINIR) MENA PAREDE CERÂMICA RETANGULAR TIPO TUJOLO (DEMAIS PAREDES PINTURA BRANCA ACRÍLICA FOSCA) PARDE C/ PINTURA EM TINTA DE TERRA (TOM A DEFINIR) MENA PAREDE CERÂMICA RÚSTICA QUADRADA (DEMAIS PAREDES TINTA DE TERRA) PARDE C/ PINTURA BRANCA ACRÍLICA FOSCA

Recado Final

DESIGN = DESENHO + INTENÇÃO e ESTILO

Exercício:

- . Planta final completa (área interna e externa) com cotas, indicações e peso gráfico.
- . Vista técnica de um móvel em Marcenaria de livre escolha (exceto banheiro).
