

# Lower Thirds - Gradient

Hello and thank you for purchasing our product! We highly recommend you to read through this guide before using the package.

It is extremely easy to use:

- Load an Essential Graphics panel inside Premiere Pro (Window>Essential Graphics).
- Under the Browse tab you can see the MOGRT elements area. Select all the downloaded MOGRT files and drag & drop them into this area.
- To add an element drag & drop it to a video track.
- To adjust the settings select an element on the track and switch to an Edit tab.
- Adjust the position, rotation and scale or change the resolution using the Essential Graphics controls.

This package is a part of [CrispyType](#), purchase it and get much more elements to use!
