The Flow Framework™ is a framework created by Mik Kersten, CEO of Tasktop Technologies Incorporated ("Tasktop"). This diagram is licensed under the Attribution No Derivatives Creative Commons License, accessible at <https://creativecommons.org/licenses/by-nd/4.0/legalcode>.

Project to Product, Mik Kersten

Project to Product provides leaders with the missing framework needed to create a Value Stream Network – the technology equivalent of an advanced manufacturing line that comprises thousands of IT professionals.
