

Switch interfaces

Considering you have a Switch and you didn't create any VLAN, by default, where will all the interfaces belong to?

Selecione uma alternativa

- A** They will belong to VLAN default, which is VLAN 5
- B** They will belong to VLAN default, which is VLAN 1003
- C** They will belong to VLAN default, which is VLAN 1002
- D** They will belong to VLAN default, which is VLAN 1
