

MILLION FRAMES
PRESENTS

Instagram Stories

5th July, 2018

What is it?

Instagram story template contains 20 high-quality animated templates. Useful tool for influencers, bloggers, marketers, brands, and storytellers aims to help promote e-commerce products, share deals and announcements or attract the attention of your followers. These templates are fully customizable and compatible with Adobe After Effects.

Stylish & sophisticated designs to bring your photos to life. Tell your stories & share your journeys with our professionally crafted templates, designed to make it easy to create eye-catching Instagram Stories for your brand in minutes!

Grow your business by using motion to engage with your followers instead of static images, you'll need a basic knowledge of Adobe After Effects in order to quick edit these pre-animated templates.
